

MARCELLUS SHALE FAST FACTS

JANUARY 2014 EDITION*

Each of the following sections is a quick snapshot of labor market information for Pennsylvania's Marcellus Shale (MS) related industries and related economic activity.

Section	Page
Background Information	2-3
MS Employment Summary	4
Jobs Data	5
Industry Data	6-7
Industry Wages	8
Job Posting Activity	9
High-Priority Occupations	10-11

Section	Page
New Hires	12-13
Quarterly Workforce Indicators	14
Information on ShaleNET Training Program	15
Unemployment Rate Map	16
Definitions	17-19
Marcellus Shale Formation Map	20

*Note: Data sets from the Quarterly Census of Employment and Wages (QCEW) and the New Hires Program in this edition are for 2013Q2 and 2013Q4, respectively. For both data sets, this is the most current data available. Because neither data set is seasonally adjusted, the same quarter must be used when analyzing growth over time, in order to ensure seasonal factors are not influencing employment change. Therefore, 2013Q2 QCEW data are compared to 2009Q2, and 2013Q4 New Hire data are compared to 4th quarter data for 2010, 2011, and 2012.

Release Date: 02-06-2014

CWIA-MS

BACKGROUND INFORMATION

The purpose of this Fast Facts publication is to provide the most current available data on Marcellus Shale related economic activity. While several data sources are utilized in this document, the primary source is the Quarterly Census of Employment and Wages (QCEW).

The QCEW program derives its data from quarterly tax reports submitted to the Pennsylvania Unemployment Compensation system by employers subject to the state's unemployment insurance laws. This includes 95 percent or more of all wage and salary civilian employment in Pennsylvania.

In 2009, CWIA used the North American Industry Classification System (NAICS) to define the Marcellus Shale related industries. Much of the information included in this document reflects data on a group of six industries identified as "core," and a group of 30 industries identified as "ancillary" for Marcellus Shale related activity (see notes section below).

As Marcellus Shale related activity develops further in Pennsylvania, additional industries may be added to the ancillary group, based on factors such as significant employment gains in an industry in a Marcellus Shale geographic region or identification of a group of companies in the same industry involved in Marcellus Shale related activity. Of the current 30 ancillary industries, nine have been added since the April 2011 edition of this publication (* denotes one of the new nine).

Also included in this publication are several additional data sources that capture employer demand and hiring activity. For an explanation of all data sources, please refer to the "Definitions" section on page 17.

The data in this edition include government (federal, state, and local) employment in all Marcellus Shale related industries because significant non-private employment is present in a number of these industries, most notably: Highway, Street, & Bridge Construction; Engineering Services; Water Supply & Irrigation Systems; and Sewage Treatment Facilities.

Notes:

Marcellus Shale Core Industries (NAICS): Crude Petroleum & Natural Gas Extraction (211111); Natural Gas Liquid Extraction (211112); Drilling Oil & Gas Wells (213111); Support Activities for Oil & Gas Operations (213112); Oil & Gas Pipeline & Related Structures Construction (237120); and Pipeline Transportation of Natural Gas (486210).

Marcellus Shale Ancillary Industries (NAICS): Fossil Fuel Electric Power Generation (221112); Natural Gas Distribution (221210); Water Supply & Irrigation Systems (221310); Sewage Treatment Facilities (221320); Water & Sewer Line & Related Structures Construction (237110); Highway, Street, and Bridge Construction (237310)*; Nonresidential Site Preparation Contractors (238912); Petrochemical Manufacturing (325110)*; Industrial Gas Manufacturing (325120); Iron & Steel Mills & Ferroalloy Manufacturing (331110¹); Iron & Steel Pipe & Tube Manufacturing from Purchased Steel (331210); Mining Machinery & Equipment Manufacturing (333131); Oil & Gas Field Machinery & Equipment Manufacturing (333132); Construction and Mining (except Oil Well) Machinery and Equipment Merchant Wholesalers (423810)*; Industrial Machinery and Equipment Merchant Wholesalers (423830)*; Industrial Supplies Merchant Wholesalers (423840)*; General Freight Trucking, Local (484110)*; Specialized Freight Trucking, Local (484220); Specialized Freight Trucking, Long-Distance (484230); Lessors of Other Real Property (531190); Construction, Mining & Forestry Machinery & Equipment Rental & Leasing (532412); Engineering Services (541330); Geophysical Surveying & Mapping Services (541360); Testing Laboratories (541380); Environmental Consulting Services (541620); Remediation Services (562910); Commercial & Industrial Machinery & Equipment Repair & Maintenance (811310); Administration of Air and Water Resource and Solid Waste Management Programs (924110)*; Administration of Conservation Programs (924120)*; Regulation and Administration of Communications, Electric, Gas, and Other Utilities (926130)*.

While the vast majority of Marcellus Shale related employment can be found in these industries, not all establishments in these industries are involved in Marcellus Shale. Asterisks indicate industries that have been added to the group of ancillary industries since the April 2011 edition of this publication.

¹NAICS 331110 replaced NAICS 331111 due to a change made by the Bureau of Labor Statistics – for an explanation of the implications of this change, please refer to page 19 in the "Definitions" section.

PENNSYLVANIA

ECONOMIC BACKGROUND

- **Pennsylvania's seasonally adjusted unemployment rate for December 2013 was 6.9%.**
 - This was higher than the U.S. rate of 6.7%.
 - O-T-M change was -0.4 percentage points.
 - O-T-Y change was -1.0 percentage points.
- **Pennsylvania's seasonally adjusted total nonfarm jobs for December 2013 was 5,761,600.**
 - O-T-M change was -11,400 (-0.2%).
 - O-T-Y change was +19,000 (+0.3%).
 - PA was still down 50,900 jobs since the start of the recession (December 2007).
- **Pennsylvania's new hire activity increased.**
 - There were 497,679 new hires across all industries in the 4th quarter of 2013.
 - This was an increase of 8,515 (1.7%) from the 4th quarter of 2012.
- **Employer demand decreased slightly in Pennsylvania.**
 - 182,600 job ads were posted online in December 2013.
 - This was a decrease of 550 (-0.3%) over December 2012.
- **In Pennsylvania there were 2.1 unemployed persons for every online job posting in December 2013.**
 - The Pennsylvania rate was greater than the U.S. rate, which stood at 2.0.
 - The Pennsylvania rate was down from a peak of 4.8 unemployed per online job posting in late 2009.

O-T-M: Over-the-Month
O-T-Y: Over-the-Year

MARCELLUS SHALE RELATED

INDUSTRIES EMPLOYMENT:

SUMMARY STATISTICS

Employment (2009Q2 to 2013Q2):

- Core industries were up 19,017 (+174.3%).
- Ancillary industries were up 15,776 (+8.0%).
- All industries increased 127,423 (+2.3%).
- 2013Q2 Marcellus Shale related industries total employment is 241,926.

Establishments (2009Q2 to 2013Q2):

- 1,089 establishments were added (449 core, 640 ancillary).
- This represented 67.6% growth in the core industries and 5.2% growth in the ancillary industries; over the same time period, PA experienced 1.6% growth for all industries.
- Marcellus Shale related industries totaled 14,021 establishments in 2013Q2.

Wages (2012Q3 through 2013Q2):

- The average wage across all industries was about \$48,800.
- The average wage in the core industries was about \$84,400 which was approximately \$35,600 greater than the average for all industries.
- The average wage in the ancillary industries was about \$65,200, which was approximately \$16,300 greater than the average for all industries.

New Hires (2010Q4 to 2013Q4):

- Statewide new hires in the core industries were 29.0% lower in 2013Q4 than in 2010Q4.
- Statewide new hires in the ancillary industries were 3.0% higher in 2013Q4 than in 2010Q4.
- New hire counts decreased in core industries (-17.7%), but increased in Ancillary industries (1.1%) from 2012Q4 to 2013Q4.
- Statewide new hires across all industries were 9.9% higher in 2013Q4 than in 2010Q4; statewide new hires across all industries increased by 1.7% from 2012Q4 to 2013Q4.

Online Job Postings (December 2013):

- There were about 3,300 online job postings statewide in core and ancillary industries. This is an O-T-Y decrease of about 230 (-6.6%).

MINING JOBS VS. TOTAL JOBS IN PENNSYLVANIA

Mining & Logging¹ Compared to Total Employment

Current Employment Statistics (All data are seasonally adjusted)

- Total Pennsylvania jobs were 5,761,600 (December 2013).
O-T-M change was -11,400 (-0.2%).
O-T-Y change was +19,000 (+0.3%).
Change from 10 years ago was +139,900 (+2.5%).
- Mining & Logging employment in Pennsylvania was 37,100.
O-T-M change was +900 (+2.5%).
O-T-Y change was +500 (+1.4%).
Change from 10 years ago was +18,900 (+103.8%).

O-T-M: Over-the-Month
O-T-Y: Over-the-Year

¹ Mining & Logging data are seasonally adjusted. Mining data, which are included in Mining & Logging, are not seasonally adjusted.

Source: Industry Data is from Pennsylvania's Quarterly Census of Employment and Wages

- From 2009Q2 to 2013Q2, employment in Core industries increased by 174.3%.
- Over the same period, employment in the Ancillary industries was up 8.0%.
- Employment across all industries increased 2.3% (127,423) over the same time period.

¹2013Q2 QCEW data are initial. These data may be revised upon release of QCEW 2013Q3 data.

Notes: These data are not seasonally adjusted. While most change was due to actual growth or decline, some movement may be due to seasonal patterns or administrative changes to data.

*NAICS definition implemented with 2011Q1 data. Please see NAICS Changes in "Definitions" section on Page 19.

WORKFORCE INVESTMENT AREA MARCELLUS SHALE RELATED INDUSTRIES DATA¹

The tables below depict employment growth in the core and ancillary industries for Workforce Investment Areas (WIA) with substantial Marcellus Shale drilling activity.

Northern Tier	2009Q2	2013Q2 ¹	Vol. Change	Pct. Change
Core	106	3,048	2,942	2775.5%
Ancillary	1,836	3,972	2,136	116.3%

Southwest Corner	2009Q2	2013Q2 ¹	Vol. Change	Pct. Change
Core	713	4,320	3,607	505.9%
Ancillary	10,251	11,894	1,643	16.0%

Central	2009Q2	2013Q2 ¹	Vol. Change	Pct. Change
Core	140	2,485	2,345	1675.0%
Ancillary	9,465	10,851	1,386	14.6%

North Central	2009Q2	2013Q2 ¹	Vol. Change	Pct. Change
Core	1,902	2,337	435	22.9%
Ancillary	3,888	4,732	844	21.7%

Tri-County	2009Q2	2013Q2 ¹	Vol. Change	Pct. Change
Core	2,515	3,210	695	27.6%
Ancillary	9,152	9,292	140	1.5%

Westmoreland & Fayette	2009Q2	2013Q2 ¹	Vol. Change	Pct. Change
Core	528	2,019	1,491	282.4%
Ancillary	10,676	11,118	442	4.1%

6 WIA Total	2009Q2	2013Q2 ¹	Vol. Change	Pct. Change
Core	5,904	17,419	11,515	195.0%
Ancillary	45,268	51,859	6,591	14.6%

Source: Industry Data is from Pennsylvania's Quarterly Census of Employment and Wages

- Southwest Corner WIA experienced the largest volume increase in Marcellus Shale Core Industries employment, with an increase of 3,607 employees; Northern Tier WIA was second with a volume increase of 2,942 employees. Northern Tier WIA experienced the largest percentage increase in Core industry employment, equal to 2775.5%; second was Central WIA with an increase of 1675.0%.
- Northern Tier WIA experienced the largest volume increase in Marcellus Shale Ancillary Industries employment, adding 2,136; Northern Tier WIA also had the largest percentage increase with 116.3%.
- Across all six WIAs, employment in the Core industries increased by 195.0%; Ancillary industries employment increased by 14.6%.

¹2013Q2 QCEW data are initial. These data may be revised upon release of QCEW 2013Q3 data.

Notes: These data are not seasonally adjusted. While most change was due to actual growth or decline, some movement may be due to seasonal patterns or administrative changes to data.

WAGES FOR MARCELLUS SHALE CORE AND ANCILLARY INDUSTRIES¹

NAICS	Core Industries Title	Average
211111	Crude Petroleum & Natural Gas Extraction	\$112,888
211112	Natural Gas Liquid Extraction	\$103,573
213111	Drilling Oil & Gas Wells	\$84,999
213112	Support Activities for Oil & Gas Operations	\$71,305
237120	Oil & Gas Pipeline & Related Structures Construction	\$82,179
486210	Pipeline Transportation of Natural Gas	\$85,552
	Average	\$84,388
	Ancillary Industries Title	Average
221112	Fossil Fuel Electric Power Generation	\$116,109

924120	Admin. of Conservation Programs	\$48,098
926130	Reg. & Admin. Of Communications, Electric, Gas, & Other Utils.	\$80,697
	Average	\$65,153

Source: Industry Data is from Pennsylvania's Quarterly Census of Employment and Wages

- The average wage across all industries for 2012Q3 through 2013Q2 was \$48,824.
- The average wage in the core industries was \$35,564 greater than the average for all industries; the average wage in the ancillary industries was \$16,329 higher.

¹ Average Wages for these industries were calculated by combining the most recent four quarters of available wage data; in this case 2012Q3 through 2013Q2.

²2013Q2 QCEW data are initial. These data may be revised upon release of QCEW 2013Q3 data.

*NAICS definition implemented with 2011Q1 data. Please see [NAICS Changes](#) in "Definitions" section on page 19.

Total	691	761	-9.2%

- **Pennsylvania Online Job Postings**
 - In December 2013, total job postings across all industries for Pennsylvania decreased by 0.3% over December 2012.
 - Online postings for statewide Marcellus Shale related (core + ancillary) industries decreased by 6.6% over the same period.
- **WIA Online Job Postings**
 - Four of the six WIAs with substantial Marcellus Shale drilling activity experienced an increase in online job posting activity O-T-Y, while the other two saw an annual decrease in HWOL postings.
 - The Northern Tier WIA experienced the largest O-T-Y percentage increase in Marcellus Shale related job posting activity, rising by 54.8% followed by North Central WIA, which rose 12.0%
 - The six WIAs with substantial Marcellus Shale drilling activity saw online job postings decrease by a combined 9.2% O-T-Y.

¹ Job Postings are counted using Wanted Analytics' Help Wanted Online job posting Spidering tool. Job posting increases should be viewed as an indication of **trend only**. For a complete explanation of this data set, please refer to the Definitions section of this document.

² Total Job postings in this table may not be equal to total postings for December 2013 published in the January 2014 edition of the Pennsylvania Fast Facts, due to continuous updates to the data.

2013 STATEWIDE HIGH-PRIORITY OCCUPATIONS RELATED TO MARCELLUS SHALE

The occupations listed in the table below are found within the staffing patterns of Marcellus Shale related core and ancillary industries and have been identified as High-Priority for Pennsylvania. High-Priority Occupations (HPOs) are identified as in demand by employers, have higher skills needs, and are most likely to provide family sustaining wages.

A Standard Occupational Code (SOC) is provided for each occupation. For a complete list of terms, please refer to the Staffing Pattern definition on page 18.

SOC Code	SOC Title	Average Annual Wage	Education Level
13-2011	Accountants & Auditors	\$70,420	Bachelor's degree
43-3031	Bookkeeping & Accounting Clerks	\$36,310	Moderate-term OJT
49-3031	Bus, Truck & Diesel Mechanics	\$41,830	Long-term training
17-2051	Civil Engineers	\$78,190	Bachelor's degree
47-4011	Construction & Building Inspectors	\$47,430	HS diploma plus expr
47-2061	Construction Laborers	\$35,470	Short-term OJT
43-4051	Customer Service Representatives	\$33,830	Short-term OJT
49-9051	Electrical Power-Line Installers & Repairers	\$61,680	Long-term training
53-3032	Heavy & Tractor-Trailer Truck Drivers	\$41,920	HS diploma plus expr
49-9041	Industrial Machinery Mechanics	\$45,250	Long-term training
51-9061	Inspectors, Testers, Sorters, Samplers & Weighers	\$39,200	Moderate-term OJT
53-3033	Light Truck or Delivery Services Drivers	\$32,720	Short-term OJT
49-9071	Maintenance & Repair Workers, General	\$37,080	Moderate-term OJT
17-2141	Mechanical Engineers	\$78,480	Bachelor's degree
47-2073	Operating Engineers	\$46,110	Moderate-term OJT
47-2152	Plumbers, Pipefitters & Steamfitters	\$51,450	Long-term training
47-5012	Rotary Drill Operators, Oil & Gas	\$44,090	Moderate-term OJT
41-4012	Sales Representatives	\$63,770	Moderate-term OJT
43-6014	Secretaries	\$32,090	Short-term OJT
47-5013	Service Unit Operators, Oil, Gas & Mining	\$49,090	Moderate-term OJT

2013 REGIONAL HIGH-PRIORITY OCCUPATIONS RELATED TO MARCELLUS SHALE

The occupations listed in the table below are found within the staffing patterns of Marcellus Shale related core industries and have been identified as High-Priority for certain Workforce Investment Areas (WIAs).¹ High Priority Occupations (HPOs) are identified as in demand by employers, have higher skills needs, and are most likely to provide family sustaining wages.

A Standard Occupational Code (SOC) is provided for each occupation. For a complete list of terms, please refer to the Staffing Pattern definition on page 18.

SOC Code	SOC Title	Education Level	HPO in WIA Numbers
17-3011	Architectural & Civil Drafters	Associate degree	13,19,22
47-5011	Derrick Operators, Oil & Gas	Short-term OJT	3
17-2071	Electrical Engineers	Bachelor's degree	4
53-7032	Excavating & Loading Machine Oprs	HS diploma plus expr	8
53-7071	Gas Compressor/Pumping Station Oprs	Moderate-term OJT	3
11-1021	General & Operations Managers	Associate plus expr	1,3
43-9061	Office Clerks, General	Short-term OJT	1,3
53-7072	Pump Operators	Moderate-term OJT	3
47-5071	Roustabouts, Oil & Gas	Moderate-term OJT	3,11,12,13,19,21,22

Reg.&Admin. of Comm., Elec., Gas & Util.	0	0	0	0	0	0
Totals	9,160	11,013	9,333	9,436	276	3.0%

- In 2013Q4 there were 1,234 New Hires in the Marcellus Shale related core industries. This was 29.0% lower than 2010Q4, and 17.7% lower than 2012Q4.
- In 2013Q4 there were 9,436 New Hires in the Marcellus Shale related ancillary industries. This was 3.0% higher than 2010Q4 and 1.1% higher than 2012Q4.
- Across all industries in Pennsylvania, total New Hires in 2013Q4 were 9.9% higher than in 2010Q4 and 1.7% higher than 2012Q4.

Note: In every economy there is job creation and job destruction every month and the result is employment change. New hires are linked to job creation; however, an increase in new hires does not directly equate to an increase in the total employment count. The new hires count is simply an indication of hiring activity in an industry. Separations, in the form of layoffs or quits, are linked to job destruction and account for the other half of the employment change equation. The balance of hires and separations result in the employment change.

*NAICS definition implemented with 2011Q1 data. Please see [NAICS Changes in "Definitions" section on page 19.](#)

WORKFORCE INVESTMENT AREA

MARCELLUS SHALE RELATED

INDUSTRIES NEW HIRES

The tables below depict the number of new hires in the core and ancillary industries for WIAs with substantial Marcellus Shale drilling activity during the third quarter of each year from 2010 to 2013. Volume change and percent change are both based on 2010Q4 to 2013Q4 calculations.

Northern Tier	2010Q4	2011Q4	2012Q4	2013Q4	Vol. Change	Pct. Change
Core	121	189	159	105	-16	-13.2%
Ancillary	109	255	198	257	148	135.8%

Southwest Corner	2010Q4	2011Q4	2012Q4	2013Q4	Vol. Change	Pct. Change
Core	222	313	446	233	11	5.0%
Ancillary	180	398	343	261	81	45.0%

Central	2010Q4	2011Q4	2012Q4	2013Q4	Vol. Change	Pct. Change
Core	175	172	55	33	-142	-81.1%
Ancillary	234	305	169	216	-18	-7.7%

North Central	2010Q4	2011Q4	2012Q4	2013Q4	Vol. Change	Pct. Change
Core	498	321	103	40	-458	-92.0%
Ancillary	111	154	102	92	-19	-17.1%

Tri-County	2010Q4	2011Q4	2012Q4	2013Q4	Vol. Change	Pct. Change
Core	111	239	110	150	39	35.1%
Ancillary	304	249	205	224	-80	-26.3%

Westmoreland/Fayette	2010Q4	2011Q4	2012Q4	2013Q4	Vol. Change	Pct. Change
Core	32	28	19	51	19	59.4%
Ancillary	289	489	487	298	9	3.1%

6 WIA Total	2010Q4	2011Q4	2012Q4	2013Q4	Vol. Change	Pct. Change
Core	1,159	1,262	892	612	-547	-47.2%
Ancillary	1,227	1,850	1,504	1,348	121	9.9%

- Tri-County WIA had the largest volume (39) and second largest percentage (35.1) increases in core industry New Hires; Westmoreland/Fayette WIA had the largest percent (59.4%) and second largest volume (19) growth.
- For ancillary industries, Northern Tier had the largest increases in both volume (148) and percentage (135.8%) of New Hires; Southwest Corner WIA was second in growth for both volume (81) and percentage (45.0%).
- Across these six WIAs, there were 47.2% less new hires in the Marcellus Shale related core industries in 2013Q4 than in 2010Q4; there were nearly 10% more new hires in the ancillary industries in 2013Q4 than in 2010Q4.

QUARTERLY WORKFORCE INDICATORS

4862 Pipeline Transportation of Natural Gas	***	22.0%	19.8%	27.8%	20.5%

*** Indicates that data cannot be disclosed due to confidentiality restrictions or data quality standards

- Workers in the Marcellus Shale related industry groups tended, on average, to be younger than the total across all industries.
- The percentage of workers in core related industry groups aged 55 and over was smaller than found across all industries.

¹ Local Employment Dynamics data are only available at the 4-digit NAICS level. While these industry groups contain some employment from non-Marcellus Shale related core industries, they help to provide an understanding of the industries' employment composition by age.

SHALETNET TRAINING AND JOB PLACEMENT DATA¹:

(AS PROVIDED BY THE ALLEGHENY CONFERENCE ON COMMUNITY DEVELOPMENT)

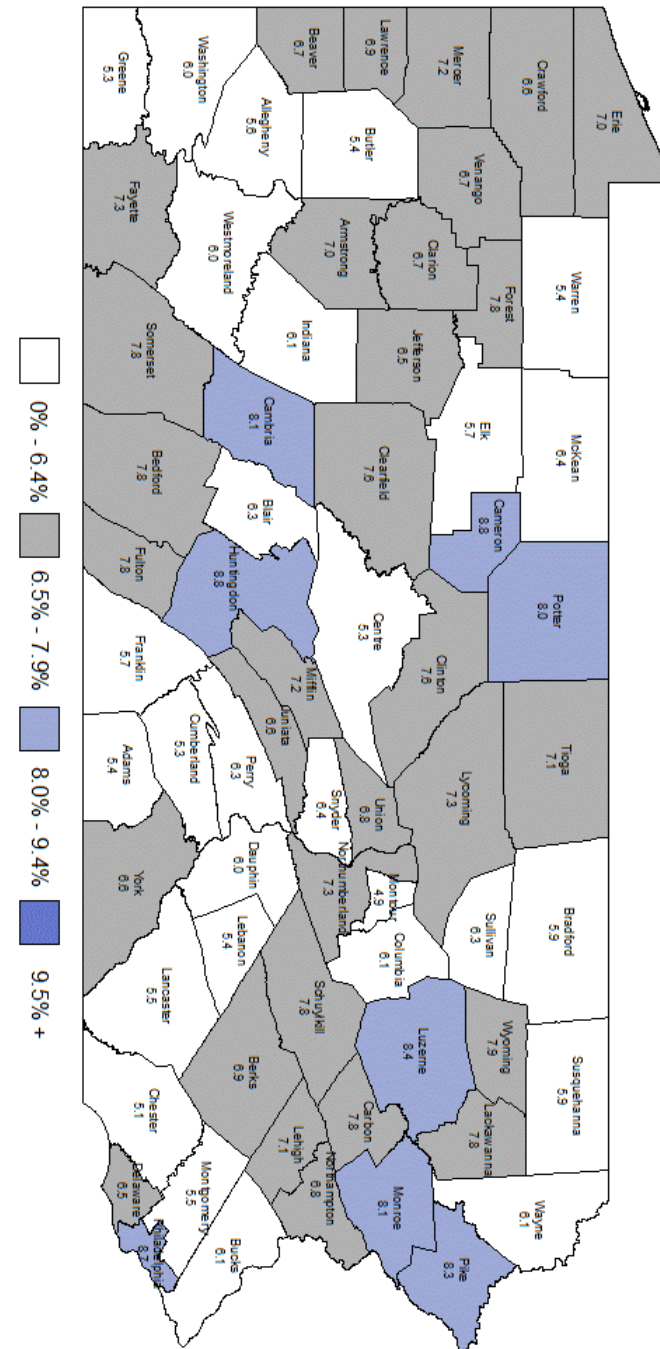

ShaleNET is a three-year, \$4.9 million grant from the United States Department of Labor, Employment and Training Administration. The mission of the grant is to design a comprehensive recruitment, training, placement, and retention program for high priority occupations in the natural gas drilling and production industry throughout the Marcellus Shale footprint. For more information, visit www.shalenet.org.

July 1 st 2010 – June 30 th 2013	
Participants being served by ShaleNET	14,800
Beginning education and training activities	9,611
Completing training activities and education	5,468
Completed training with degree/certification	1,177
Employed	3,421

Top job placement for ShaleNET graduates, October 2010-January 2012:	
1	Roustabout
2	Floor hand
3	Truck driver
4	Mechanic
5	Casing specialist

¹Definitions for these indicators are as follows: *Participants served by ShaleNET* equals the total number of people who have registered with ShaleNET.org through the Talent Match System. *Beginning education and training activities* measures those participants who have begun ShaleNET training. *Completed training with degree/certificate* measures participants who have finished ShaleNET training. *Employed* represents training participants who have gained employment during or after ShaleNET training, through on-the-job training grants, as well as, those participants who have found jobs with the help of ShaleNET and Pennsylvania CareerLink.

PENNSYLVANIA UNEMPLOYMENT RATES BY COUNTY DECEMBER 2013

DEFINITIONS:

LABOR FORCE STATISTICS* - Source: Pennsylvania Local Area Unemployment Statistics (LAUS)

The labor force and unemployment data are based on the same concepts and definitions as those used for the official national estimates obtained from the Current Population Survey (CPS). The Local Area Unemployment Statistics (LAUS) program measures employment and unemployment on a place-of-residence basis and produces estimates using equations based on regression techniques. This method utilizes data from several sources, including the CPS, the Current Employment Statistics (CES) program, and state unemployment insurance (UI) programs. The LAUS program does not produce estimates for any demographic groups.

Unemployment Rate: The number of unemployed as a percent of the labor force.

Unemployment: All persons aged 16 years and older who had no employment during the reference week (contains the 12th day of the month), were available for work (except for temporary illness), and had made specific efforts to find employment sometime during the four-week period ending with the reference week. Persons who were waiting to be recalled to jobs from which they had been laid off need not to have been looking for work to be classified as unemployed.

Employment: All persons who, during the week which includes the 12th day of the month, (a) did any work as paid employees, worked in their own businesses or professions or on their own farm, or worked 15 hours or more as unpaid workers in enterprises operated by members of their families, or (b) were not working but who had jobs from which they were temporarily absent. Each employed person is counted only once, even if the person holds more than one job. Included are the self-employed, unpaid family workers, agricultural workers, and private household workers, who are excluded by the CES survey.

Labor Force: All persons either working or looking for work or classified as employed or unemployed.

JOBS* - Source: Pennsylvania Department of Labor & Industry, Current Employment Statistics (CES)

Each month the CES program surveys about 140,000 national businesses and government agencies in order to provide detailed industry data on employment, hours, and earnings of workers on non-farm payrolls. This is a collaborative effort between BLS and the states. CES produces a count of jobs, not of people.

Nonfarm Jobs: The total number of persons on establishment payrolls employed full or part time who received pay for any part of the pay period that includes the 12th day of the month.

Temporary and intermittent employees are included, as are any employees who are on paid sick leave, on paid holiday, or who work during only part of the specified pay period. A striking employee who only works a small portion of the survey period, and is paid, would be included as employed under the CES definitions. Persons on the payroll of more than one establishment are counted in each establishment. Data exclude proprietors, self-employed, unpaid family or volunteer workers, farm workers, and domestic workers. Persons on layoff, strike, or leave without pay for the entire pay period, or who have not yet reported for work are not counted as employed. Government employment covers only civilian employees.

***THESE DATA ARE SEASONALLY ADJUSTED:** Seasonal adjustment removes the change in employment that is due to normal seasonal hiring or layoffs (holidays, weather, etc.), thus leaving an over-the-month change that reflects only employment change due to trend and irregular movements.

DEFINITIONS:

QUARTERLY WORKFORCE INDICATORS - Source: U.S. Census Bureau, Local Employment Dynamics

The Quarterly Workforce Indicators (QWI) are a set of economic indicators that can be queried by different levels of geography as well as by industry, gender, and age of workers. The QWI are built upon wage records in the Unemployment Insurance (UI) system and information from state Quarterly Census of Employment and Wages (QCEW) data.

QUARTERLY CENSUS OF EMPLOYMENT AND WAGES - Source: The Pennsylvania Department of Labor & Industry, Quarterly Census of Employment and Wages

Employment: Employment data include all employment covered under the Pennsylvania Unemployment Compensation program for each of the three months in the quarter. The employment count represents the number of full-time and part-time employees who worked during or received pay for the payroll period including the 12th of the month. The employment totals for each month are averaged for the quarter employment count. Included are persons on paid vacations or on paid sick leave. Workers temporarily earning no wages due to labor-management disputes, layoffs or other reasons are not reported as employed. Persons on the payroll of more than one employer during the same reference week are reported more than once.

Establishment: The location of a certain economic activity, such as a factory, store, office, or mine, that produces goods or services. It is typically at a single physical location and engaged in one, or predominantly one, type of economic activity. An employer may have one or more establishments.

Wages: Total wages include total compensation paid during a calendar quarter (including bonuses). Average wages are calculated by dividing total wages for a quarter by average employment in that quarter.

STAFFING PATTERNS - Source: Pennsylvania Department of Labor & Industry

Staffing Pattern: A listing of the occupations most commonly found within a particular industry. This information comes from the biennial *Long-Term Occupational Employment Projections* data.

Average Annual Wage: The mean annual wage earned by workers in the occupation, assuming 40 hours per week, 52 weeks a year. Wage data is derived from the annual *Occupational Employment Statistics (OES)* survey.

Educational Attainment: The Bureau of Labor Statistics (BLS) provides information about entry-level education, related work experience, and typical on-the-job training requirements for each of several hundreds of occupations.

Educational Attainment Level Abbreviations:

- **Short-term or Moderate-term OJT** – basic tasks and skills are learned through a period of on-the-job training lasting up to one year. A high school diploma may be required.
- **Long-term training** – a high school diploma and at least one year of on-the-job training or an apprenticeship.
- **HS diploma plus experience** – a high school diploma and training gained through hands-on work in a similar occupation.
- **Postsecondary training** – training is gained through a postsecondary training program. Some period of related work experience may be required.
- **Associate degree** – degree completed after two years of full-time schooling beyond high school. Some period of related work experience may be required.
- **Bachelor's degree** – degree completed after four years of full-time schooling beyond high school. Some period of related work experience may be required.
- **Master's Degree** – degree completed after two years of full-time schooling beyond a bachelor's degree. Some period of related work experience may be required.
- **Doctoral, or Professional degree** – degree programs requiring 3-6 years of education at the college or university level beyond a four-year bachelor's degree.
