Source: Pennsylvania Department of Education

Based on 4-year Cohorts

Cohort: Students who together entered high school (defined by 9th Grade) for the first time during the same school year

Graduates: Students who earned and graduated with a regular high school diploma by the end of the measurement period; does not include students who earned a GED or students who walk with their class but did not earn their diploma at that time

Cohort Graduation Rate: the percentage of a cohort that graduated within a specific time-frame; the 4-Year Cohort Graduation Rate is the percentage of students who entered 9th Grade four years ago that have graduated by the end of the four years
